Introduction

TURAN UNIVERSITY

The information and legal system "Adilet" is a web search system and a complete electronic collection of regulatory legal acts of Kazakhstan.

How is it different from other electronic collections of laws?

Firstly, the "Adilet" system is completely free.

Secondly, it contains ALL laws of the country in two languages: Kazakh and Russian.

Thirdly, the content of the database is formed only from official sources.

And finally, the database is constantly updated.

The screenshot displays the Adilet website interface. At the top, there is a navigation bar with the Adilet logo and the text "Legal information system of Regulatory Legal Acts of the Republic of Kazakhstan". Below this, there is a search bar and a list of filters. The filters are organized into four columns: Act form, Agency of act approval, Legal relations area, and Date of approval. The Act form filter shows options like Constitution, Constitutional law, Code, Law, Order, Decree, and Budget. The Agency of act approval filter shows options like International bodies and organizations and The Accounts Committee for Control over Execution of the Republican Budget. The Legal relations area filter shows options like Agriculture, Civil right, Commonwealth of Independent States, Communication, Conservation and use of fauna, Conservation and use of forests, Conservation and use of lands, and Conservation and use of waters. The Date of approval filter shows a range from 2024 to 2017. A "Virtual Assistant" button is visible in the bottom right corner.

- ▶ issuing information on the state of the database.

Getting Started

TURAN UNIVERSITY

- ▶ To start working with the system, go to its main page by entering its address - URL in the Address bar of your web browser: <http://adilet.zan.kz>.
- ▶ You can start searching for documents in the NPA Database from the Main Page. You can enter the document name, document number, document date, or words found in the document in the search window. An example of a search query is shown in the figure below. You can also click the "NPA Search" button to go to the system section with the side control panel and make a query there.

The screenshot shows the 'Advanced search' page of the Adilet system. The browser address bar displays 'adilet.zan.kz/eng/search/advanced'. The page contains several search filters and options:

- Full-text search:** A text input field.
- Excluding the words:** A text input field.
- Number of RLA state registration at justice agencies:** A text input field.
- RIA developer:** A text input field.
- Document number:** A text input field with an 'exact' checkbox.
- Approval date:** Two date pickers labeled 'from' and 'to'.
- Change date:** Two date pickers labeled 'from' and 'to'.
- Official publication:** Radio buttons for 'Irrelevant', 'Published in LIS', and 'Not published in LIS'. The 'Irrelevant' option is selected.
- Agency of act regulation:** A dropdown menu with a search field and a list of agencies including 'The Agency of the Republic of Kazakhstan on Construction, Housing and Public Utilities' and 'The Agency of the Republic of Kazakhstan on Economic and Corruption Cases Prevention'.
- Act form:** A dropdown menu with a search field and a list of act forms including 'Address', 'Advisory opinion', 'Agreement', 'Amendments', 'Application', 'Article', 'Articles of agreement', 'Changes', 'Chart', and 'Charter'.
- Status:** Radio buttons for 'Any', 'Effective', and 'Ceased in action'. The 'Any' option is selected.

The Windows taskbar at the bottom shows the system time as 14:56 on 01.04.2025.

Personal account

TURAN UNIVERSITY

- ▶ Before starting to work with documents, the user should register. This is not mandatory, but authorization on the portal provides several significant advantages.
- ▶ Registration. To register, select the Personal Account section:

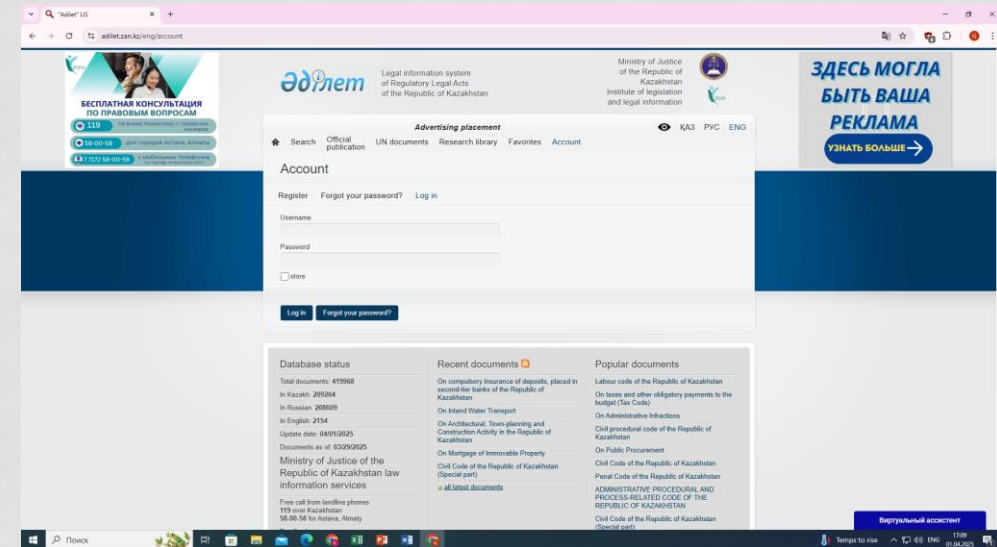

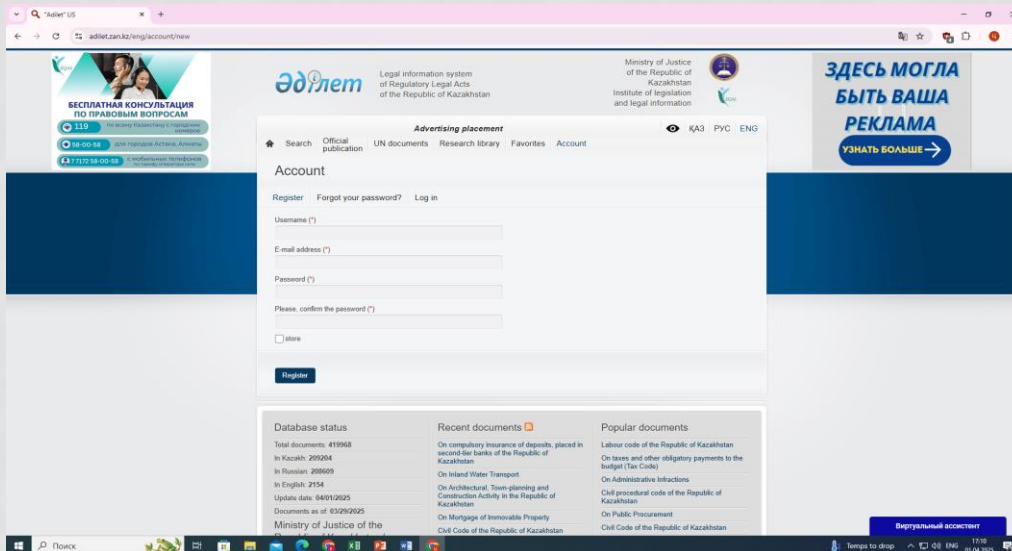

Personal account

TURAN UNIVERSITY

After this, the user gets to the menu, where he can log in or register.

Having selected the category "Register", the user fills in the fields of a special form, where he must enter his login (user name), e-mail and password.

A confirmation of registration is sent to the specified email. Now you can start working fully with the "Adilet" database. Only those registered in the system have access to a "personal" space in the system called "Cabinet", where you can use additional functions: "Statistics", "Profile", "Favorites".

Visitor data management

TURAN UNIVERSITY

The visitor data management module allows you to make changes to the settings in the "Profile" of your account in the personal account of the БД НПА.

A screenshot of a web interface titled 'Кабинет' (Profile). Below the title, it says 'Имя пользователя: МХ'. There are four tabs: 'Статистика', 'Профиль' (highlighted in red), 'Избранное', and 'Выйти'. The main content area contains several input fields: 'Имя пользователя (*)' with 'МХ' entered; 'Адрес электронной почты (*)' with 'XXXX@rambler.ru' entered; 'Текущий пароль (обязательное поле)' which is empty; 'Новый пароль (заполнить для смены пароля, иначе оставить пустым)' which is empty; and 'Подтвердите пароль' which is empty.

In the "Profile" of the account, the module allows you to change the current password of the user account of the "Adilet" database.

Frequently requested data display component

TURAN UNIVERSITY

The statistics display component allows the visitor to view a list of documents that he/she most frequently accesses. These functions make it easier for the visitor to work with documents that he/she viewed during a previous visit. Thus, the visitor is given the opportunity to quickly open a document that he/she viewed earlier, without specifying additional search queries.

The screenshot shows the 'Әділет' website interface. At the top, there is a navigation bar with links for 'Главная', 'Понск НПА', 'Обратная связь', 'Избранное', 'Личный кабинет', 'Қазақша', and 'Русский'. Below this is the 'Кабинет' section with the user name 'Мен қолданғаным: ММ'. A 'Статистика' link is highlighted in the top navigation. The main content area is titled 'Последние документы' and contains a table with 7 rows of document information. Below this table is a section titled 'Наиболее часто запрашиваемые документы', which is highlighted with a red box. This section contains a table with 7 rows, also highlighted with a red box, showing the most frequently accessed documents and their view counts.

Компонент отображения статистических данных

TURAN UNIVERSITY

Компонент отображения статистических данных позволяет посетителю просматривать список последних просмотренных документов. Данные функции облегчают работу посетителя с документами, тем самым посетителю предоставляется возможность быстрого открытия документа, просмотренного им ранее, без задания дополнительных запросов к БД «Әділет».

Transferring selected documents of an anonymous visitor to a personal account upon registration

TURAN UNIVERSITY

The mechanism for transferring selected documents of an anonymous visitor to a personal account when registering in the DB "Adilet" ensures the preservation of documents previously viewed and saved by the user in the anonymous visitor mode. When performing such actions, the system warns the user that documents will be transferred from one user mode to another. The visitor only needs to check the box next to the phrase "Add documents from anonymous favorites to user favorites".

A screenshot of the Adilet website's registration page. The browser address bar shows 'adilet.zan.kz/eng/account'. The page header includes the 'Әділет' logo and the text 'Legal information system of Regulatory Legal Acts of the Republic of Kazakhstan'. The main content area is titled 'Account' and contains a registration form with fields for 'Username' and 'Password', and a 'store' checkbox. A yellow warning box states: 'Attention! Anonymous user's favorites contain documents. To prevent their loss, they will be moved to the logged in user's favorites upon logging in. Deselect the checkbox below if you do not want to do that.' Below the warning box, the checkbox 'Add documents from anonymous favorites to the user favorites' is checked. The bottom of the page features a 'Database status' section with statistics (Total documents: 429120, In Kazakh: 209282, In Russian: 208683, In English: 2154, Update date: 04/01/2025, Documents as of: 03/29/2025) and a 'Recent documents' list including 'On Plant Quarantine', 'On Banks and Banking Activities in the Republic of Kazakhstan', and 'On Counteraction of Legitimization (Laundering) of Incomes Received by Illegal Means, and Financing of Terrorism'. A 'Virtual Assistant' button is visible in the bottom right corner.

Working with found documents

TURAN UNIVERSITY

- ▶ After opening the found regulatory legal act, you can do the following:
- ▶ View the document;
- ▶ Search the document;
- ▶ View additional information about the document;
- ▶ View the history of document changes;
- ▶ View the document in two languages;
- ▶ Download the document to your computer;
- ▶ Print the document.

Search Recommendation Mechanism

TURAN UNIVERSITY

To ensure a more convenient and quick search for documents, the Adilet [Legal information system](#) has implemented the function of "getting search recommendations". When entering the letters of the name of the document you are looking for in the search bar, the system offers spelling options based on similar names, which makes it easier and faster to enter a request in the system. In this case, you can select a suitable option or continue entering letters.

A screenshot of the Adilet website's search interface. The browser address bar shows "adilet.zan.kz/eng/search/origins/fulltext=595+degree". The page header includes the Adilet logo, the text "Legal information system of Regulatory Legal Acts of the Republic of Kazakhstan", and the Ministry of Justice of the Republic of Kazakhstan logo. A navigation menu contains "Search", "Official publication", "UN documents", "Research library", "Favorites", and "Account". The search bar contains "595 degree" and a "Search" button. Below the search bar, it says "There are no results for your search request. Try another keywords." The "Search results" section shows "0 documents found" and sorting options: "by publication date", "by legal validity", and "by approval date". At the bottom, there are sections for "Database status" (Total documents: 420120), "Recent documents" (e.g., "On Plant Quarantine"), and "Popular documents" (e.g., "Labour code of the Republic of Kazakhstan").

Saving document text in a format supported by MS Office and PDF

TURAN UNIVERSITY

The function of uploading the text of found documents to the user's computer provides the ability to work with the document after disconnecting the Internet. When saving a document, you can select the document format for saving that is most convenient for you. This can be a document in PDF - Adobe Reader or DOCX - Microsoft Office format. These formats are the most common and will provide the ability to view the document offline.
